

Live Your Dreams In Your Own Calavera Hills Estate!

This Calavera Hills gem is situated on over ½ acre at the top of a quiet cul-de-sac. Upgraded with a gorgeous swimming pool, jacuzzi, built-in BBQ and patio area, this 4 bedroom plus bonus room, 3 bath home is one of the most sought-after properties in Calavera Hills. Many of the rooms, especially the kitchen and family rooms, have wonderful views of this expansive lot – and all that open space with luxurious tropical landscaping is yours! The gourmet kitchen has granite counters, dual ovens, a walk-in pantry, and a center island with breakfast seating. There’s also a butlers pantry with a built-in wine cooler. Much of the house is wired with a Bose surround sound system, including the patio and pool area. You will love the designer paint finishes throughout. The elegant master bedroom has attractive plantation shutters, and the spacious master bath has an oversized tub and shower. Sit back and relax in the entertainment/bonus room upstairs – which could easily be converted to an extra bedroom if you have a large family. Your guests will love the downstairs bedroom and bath that overlooks the pool and tranquil backyard. You are close to freeways, shopping, and the Calavera Hills Community Center where you can enjoy summer jazz concerts and year-round recreation. Plus it’s an easy walk to the Calavera Hills Elementary and Middle Schools.
